Quinn Korbolic noted that staff is in discussion with a potential vendor and emphasizing that one has not yet been officially selected.

Gary Zaepfel suggested a staff report recommendation for the April 9, 2019, Board of County Commissioners meeting.

During the discussion it was noted that the flights have to occur at various times to view the mountainous areas without snow and the lower elevations once the leaves have dropped. As the discussion continued, it was suggested that the 2019 flight be pushed to the fall and that a spring 2020 is not out of the question, but not the desired option. As the discussion continued, it was emphasized that the amount of snow and weather in general had not be conducive to flights.
